

The One Stop Shop
for Pipe Jacking, Shaft Sinking
and Tunnelling Accessories

With over 40 years knowledge in the tunnelling industry all over the world, here at Tunnelling Accessories we provide a fast and efficient service for projects both large and small.

As well as manufacturing our own quality products, such as joint packers for Segmental Tunnel linings / Jacking Pipes and Bolt Grummetts, we stock many propriety items which are needed when constructing all types of underground tunnels.

TUNNELLING

We manufacture and supply all consumables required when constructing segmental tunnel linings, from TBM lubricants, seals and packers for the tunnel rings, through to grouts, grouting equipment, bentonites etc.

BOX CULVERTS

Butyl / hydrophilic strip, as well as joint fillers and mastics for box culverts or precast concrete construction joints. Also TA200 Butyl strip is used as a seal for many precast concrete elements.

EXPORT

The TA Group have over 30 years' experience in exporting worldwide, with a great network of local agents supporting our customers and our products.

Our range of products is continually being extended and also includes items for use in the general construction industry.

We are also the UK's sole agents for several market leading companies supplying specialist

equipment and materials to the Tunnelling Industry, such as 'Bullflex' – grout filled geotextile bags and hoses, which are used to achieve numerous ground support and grout sealing solutions for underground construction.

PIPE JACKING & MICRO TUNNELLING

We supply joint packers, secondary seals, shaft entry seals, bentonites and complex fluid treatments to suit all pipe jacking applications.

SHAFTS

From underpinning frames for construction through to grout guns, grouts and packers and cover slab seals. All available for next day delivery.

AGENCIES

We work with leading companies supplying world class products to the tunnelling industry.

SAME DAY DELIVERY AVAILABLE

Tunnels

- Stress reducing packers – including Tunpak®
- Bullflex®
- EPDM gaskets
- EPDM lubricants
- Launch and reception seals
- Rubber lips seals
- Hydrophillic seals
- Bentonites
- Annular grouts
- Soft soaps
- Mapei greases and resins
- Bolts and grummets
- Grouts guns and fittings
- Sockets and spanners
- Grout checks
- Lead strip
- TTC plastic segment fittings

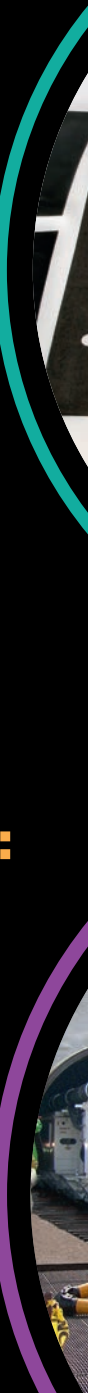

Shafts

- Lifting equipment (beams and segment handling)
- Building frame hire
- EPDM gaskets
- Bentonites and polymers (CEBO Baroid)
- Aquaquell Hydrophilic Rubber: Segmental seals Construction joints
- Grouts
- Caulking components
- TA200 sealing strip (cover slabs)
- Grout guns

Häny mixing and injection technology offers solutions for:

- **Soil improvement:** cuff tube injections, soil mix procedures, injection screens
- **Tunnelling:** injections to solidify and seal the subsoil, pipe screen injections, mortar backfill injections, contact injections
- **Anchorage:** earth and rock anchors, soil nailing, drilling anchors
- **Trenchless construction:** pipe jacking, microtunnelling, directional drilling
- **Specialist foundation engineering:** slot and narrow wall production, pile foundations
- **Prestressed concrete:** injection of cable ducts

Bullflex®

TBM launch and reception seals

- Mine support columns
- Bridge supports
- Shaft underpinning system
- Flood prevention system
- Shaft lining supports
- Colliery arch support hoses
- Marine repairs
- Underwater sealing and support solutions
- Grout cushions for instant void filling
- Bespoke systems
- Design service

Datwyler

Worlds leading supplier of EPDM gaskets

- Cast in gaskets
- Glued in gaskets
- Combined gaskets co-extruded
- Clip in hydrophilic

Protan

Flexible ventilation ducts for mines and tunnels

- Tunnel and shaft ducting
- Spiral wound ducting
- Design service

Mapei UTT

- TBM greases
- Tail seal greases
- Grouts and resins
- Waterproofing systems – sheet and sprayed
- Grouting systems
- TBM ground conditioning products
- Concrete protection/final coating

SALES HOTLINE

01424 854112

sales@tunnellingaccessories.co.uk

Korea Mould

- Segmental moulds - static and carousel
- Segment handling equipment
- Caisson shaft equipment

Segment Accessories

- Dowellock
- Grout lifting sockets
- Non return valves – various sizes
- Bolts sockets
- Bolts
- Segment spacers
- Alignment spacers
- M&E sockets
- Pipe jack lubricant sockets systems
- Caisson lifting / grout sockets

CMM

- Truck reversing platforms

Mining Equipment

- Rolling stock
- Locomotives
- Bespoke systems
